

LEADERSHIP
THROUGH SPORT & BUSINESS

**LTSB and Law -
enabling access
to the Legal sector**

**With Pro Bono
support from BPP**

Social mobility charity LTSB is launching a new programme to support bright young people into the law professional through legal apprenticeships.

With the legal sector 'deeply lacking in diversity and most acutely by socioeconomic background', we aim to support young people from disadvantaged and diverse backgrounds into the legal sector and help them achieve their career goals.

Come and meet the LTSB Paralegal candidates at our Virtual Speed-Interview events taking place on 29th & 31st March (3.45pm-5pm)

Having just completed our unique six week pre-employment bootcamp, run in partnership with the BPP Law School, this talented group of young people will be looking for Paralegal or Solicitor apprenticeship roles starting in 2022!

Email careers@leadershipthroughsport.org to reserve a place

This is an opportunity to talent-spot for your firm or in-house legal team or just give them some valuable interview practice.
